Course Title: CPR/AED for the Professional Rescuer Recertification

Course Description: This course is for individuals who need to renew their CPR/AED for the Professional Rescuer certification. This course provides the opportunity for individuals to update their CPR/AED certification without completing an entire course. Individuals should come to the class prepared to be tested on skills and knowledge.

Prerequisites: None

Course Notes: Individuals must pass all practical skills and must pass the written exams with 80% or better.
